

INFORMATION ON
SUBSIDIES FOR
INTERNATIONAL
PUBLIC
PRESENTATIONS

**In the frame of the Arts Flemish
Parliament Act**

1 ADMISSIBILITY

- Organisations applying should possess corporate rights.
- Organisations with a working subsidy under the Arts Flemish Parliament Act of 300000 euro or above are not eligible. For organisations already receiving a subsidy including international operations, corresponding charges are not taken into account.
- Activities should not pertain to the Flemish Literature Fund nor to the Flanders Audiovisual Fund. Literary discourses are not eligible nor are single screen audiovisual productions except when part of a visual arts installation or when shown in a museological context.
- An application should be submitted at least 2 months before the start. Exceptions should be soundly motivated by force majeure (not being informed about this subsidy instrument or regulation is not a valid argument for not submitting in time).

2 ARTISTIC PROFILE

- The administration assesses whether the applicant is active in the arts sector on the basis of the file, the online sources and the curriculum.
- The applicant should be involved in the Flemish art scene.
- When applying as a foreign organisation, programming a Flemish artist or organisation qualifies to be eligible.

3 PLANNING

- Explain the public presentation and join the budget (revenue and expenditure). When a timely submission is not feasible, a motivation should be drafted here.
- The presentation should relate to an active public event, either a concert, a show, an exhibition or a lecture pertaining to the arts sector. Prospecting trips or travel with passive attendance rather than active participation are not eligible.
- The line between an activity in development and an international show moment at the end (e.g. a residency) is not always clear.
- An assessment is made based on the application file and the preponderant items are taken into account. A public moment not aiming at an external public audience or without any promotion, is not eligible to a subsidy.
